2021 SHRDC Online Expert Forum on International Training

■ Objective

Due to the COVID-19 pandemic, SHRDC has faced challenges in operating the offline training program for foreign city officials since early 2020, and made the transition to "non-face-to-face" online training for foreign officials in 2021.

Against such circumstances SHRDC has strived to continue to share Seoul's best urban policy & practice through on-line platform while venturing new online training methods. In 2021, SHRDC's international training based on SHRDC's e-learning platform and online conferencing platform, has been well received by many cities in need of training, and 130 participants from 40 cities in 17 countries successfully completed 7 online training courses as of October.

Covid-19 has presented both an opportunity and a crisis for international training. In this context, SHRDC will host an online expert forum again in 2021 in lieu of annual SHRDC International Forum. to discuss and to share the insights and idea for the future development strategy for SHRDC's international training through the presentation of alumni and discussion of the experts in the field.

III. Speakers & Presenters

■ Speakers & Presenters

The main purpose of this online expert forum is to discuss and to share the renewed idea and insights for the future development strategy for SHRDC's international training especially in the era of "living with COVID-19" through the presentations and discussions. For this, Prof. GOH and Citynet CEO YIM will deliver keynote speeches. Also, SHRDC online training alumni and experts in the field will share their respective online training experiences and insights with respect to COVID-19 to explore future development strategies under the ongoing pandemic situation. We will also invite all presenters for the live discussion & wrap-up session to better develop SHRDC online training in the future
